2222 Golf Club Road
Pittsburg, CA 94565
12:00 Noon to 1:30 P.M.

For the past several years, industrial companies have experienced a critical shortage of maintenance and operation employees. The PTech and EETech programs at Los Medanos College have addressed this need in operation, and electrical/electronic, training programs. Bay Area community colleges have joined together in addressing the shortage of trained Industrial Maintenance Machinist/Mechanic personnel.

The speaker at the September Industrial Association Forum will be Mr. David Kail, who will give an update on the progress made in addressing this need. Mr. Kail worked with Los Medanos College on the programs noted above and is now working with Diablo Valley College and other community colleges in addressing this need. Mr. Kail is a retiree of The Dow Chemical Company and brings an impressive knowledge base in operations and training.
